Terms and Conditions

L.I. Winn & Son Ltd T/A Winn's Waste & Recycling (which will be referred to as the 'carrier') accepts waste for disposal, subject to the conditions set below.

Pricing

All prices quoted are exclusive of VAT unless otherwise stated. There are minimum tip charges on all wastes. Please ask for details. We reserve the right to charge £10 per skip per week for skips hired for a period more than 6 weeks.

Settlement Terms

If payment has not been made on the deliveries/collection of the skip, the carriers invoice shall be paid upon receipt from the date of the invoice unless otherwise agreed.

Asbestos

All sites producing hazardous waste are required to be registered with the Environment Agency. Asbestos is classed as a hazardous waste. Registration can be completed by calling 08708 502858. The registration code, full address and postcode must be provided to us before collection of asbestos can be carried out. All asbestos consignments shall have a minimum tip charge of 400kg. The current landfill tax shall also be charged additionally to the tip rate. All asbestos consignments will have an administration charge added to the total cost of each consignment. This shall show on invoices as Haulage/Administration Charge. Asbestos consignments must only contain asbestos with plastic wrapping if necessary. Additional charges will be made if this is not so.

Purchase Orders

If order numbers are used by the customer, they must be communicated clearly with the person taking the order. Preferably this would include a purchase order confirmation sent to the carrier by fax on the number above or by email provided when communicating the order.

Descriptions of Waste

The carrier must receive an accurate description of waste. The customer must ensure that the waste collected by the carrier confirms with the waste described on the delivery/collection ticket. If waste described is not waste received, additional charges will be made and item description will be listed on the invoice. Items that must not be included in consignments are Asbestos (unless it is a consignment of asbestos only) fridges, freezers, tyres, mattresses, gas cylinders, batteries, televisions/monitors, paint cans (unless empty), oil, fire extinguishers, poisonous or polluting substances and the load must also be level with the top rail of the skip.

Deposit of Skip

The customer must direct the driver where to deposit or pick up the skip. They shall also

- Not move the skip without the carriers consent
- Not permit any fires to be lit in the skip
- Ensure that any skips supplied shall not be filled over the top rail of the skip
- Ensure that no damages occur to any of the carriers' equipment or skips except for fair wear and tear.

Where the customer directs the driver of a vehicle to deposit or pickup skips from a site which is off the highway the carrier shall be under no liability whatsoever to the customer whilst the vehicle is off the highway, other than that which is caused by negligent driving on part of the driver. The customer shall keep the contractor indemnified against any claim or demand which would not have occurred had the driver not been so directed and which is not due to any negligent driving on behalf of the driver.

When depositing or collecting a skip at a customer's premises or site, the carrier shall be under no obligation to provide any plant, power, or labour in addition to the carrier's operator and to normal equipment attached to the vehicle.

The carrier shall not be liable to any damages caused to driveways when off loading and loading of skips where the drive has not been of suitable quality for the content weight of the skip. Any other damages to property shall be reported to the carrier within 2 days. The damage caused by the carrier shall be left so it can be assessed.

Loss or Damage to the Hired Goods

If the equipment is returned in damaged, unclean and/or defective state (except where due to fair wear and tear and/or inherent fault in the equipment) you shall be liable to pay us for the cost of any repair and/or cleaning required to return the equipment to a condition fit for re-hire.

You will pay us the replacement cost of any equipment (on a new for old basis) which is lost, stolen or damaged beyond economic repair during the hire period. You will pay us our costs which may incur in tracking or recovering any lost or stolen equipment. You shall pay the charges for the equipment up to and including the date you notify us that the equipment has been lost, stolen and/or damaged beyond economic repair.

Impossibility of Performance

The carrier shall be relieved of its obligation to perform the contract to the extent that the performance is prevented by failure of the customer, fire, weather conditions, industrial dispute, labour disturbance or causes which are reasonably beyond the control on the carrier.

Completion of Service

The customer shall sign the carrier's tickets on completion of the contract or at such other time as shall be convenient to the carrier to signify the amount of work completed and the customer's satisfaction of service.
